Current Housing Stock

The Cape Cod Commission conducted a housing typology study using local assessors' data and state class property codes. The graph below shows the distribution of various types of residences using this data, which differs slightly from American Community Survey counts. In Mashpee, about 69% of residential properties are single-family homes; about 30% are multifamily properties. Less than 2% are other types of properties. Other properties may be a single home or may be multifamily homes such as compounds, which may include multiple houses on one parcel occupied by different households or a single family home with a guest house. Mix of uses are properties that have at least one residence on them but also have some sort of other use such as agricultural or commercial. Employment by Month

Like much of the region, employment in Mashpee is highly seasonal. In 2019 employment peaked in July at 34% more than the low in February. Due to the pandemic, 2020 patterns were significantly different, but in 2021 started to return to pre-pandemic levels and trends which continued into 2022.

Housing Affordability

In 2021 the median price for a home for sale in Mashpee was \$582,500. In 2022, prices increased to a median home sales price of \$620,000, a 6% increase. Average wages in the town's largest industries by employment fall well below what is needed to affordably purchase a home at median sales prices (affordably purchase means a household spends 30% or less on housing costs). While the median gross rent, according to the American Community Survey, is more affordable, availability of year-round rental housing is very limited.

(Annual income refers to a household's earnings, while annual wage refers to an individual's earnings. Data: Cape Cod and Islands Association of Realtors; 2022 ACS 5-Yr Estimates; 2022 Cape Cod Housing Needs Assessment; MA Labor Market Information, ES-202 data)

Affordable Housing Units

The Massachusetts Subsidized Housing Inventory is used to measure a community's stock of low- or moderate-income housing for the purposes of M.G.L. Chapter 40B, the Comprehensive Permit Law, which encourages communities to have 10% of their housing stock be affordable for low- to moderate-income households. While housing developed under Chapter 40B is eligible for inclusion on the inventory, other types of housing also qualify to count toward a community's affordable housing stock.

A household is considered cost burdened when housing costs exceed more than 30% of monthly income. (ACS 2022 5-year Estimates)

... of owner households in Mashpee spend 30% or more of income on housing costs

... of renter households in Mashpee spend 30% or more of income on housing costs

Community Activity Centers

Community Activity Centers are areas with a concentration of business activity, community activity, and a compact built environment that may be suitable for additional housing and a mix of uses at a scale that fits in with the community's character. The vision for these areas is to accommodate these uses in a walkable, vibrant area, preserve historic buildings, and to provide diverse services, shopping, recreation, civic spaces, housing, and job opportunities, with adequate infrastructure and pedestrian amenities to support development. Mashpee has one identified Community Activity Center.

The Mashpee Community Activity Center is focused around Route 28 and Route 151 and the commercial uses there. It is surrounded by undeveloped land and residential land. Residential uses comprise very little of the Community Activity Center area in terms of land use.

Zoning

Accessory Dwelling Unit by Right

An accessory dwelling unit (ADU) is a secondary housing unit on a single-family residential lot. ADUs can include over-garage units, carriage houses, or in-house apartments, and may provide more affordable housing options.

ALLOWED

Multifamily Housing by Right

Multifamily zoning by right makes the ability to develop multifamily units in certain districts of a town easier, supporting an expanded and diversified housing stock.

NOT ALLOWED

Inclusionary Zoning Policy

Inclusionary zoning requires developers to designate a percentage of the units in certain projects as available to lower and moderate income households

NOT ADOPTED

Zoning Districts

As with most Cape towns, the vast majority of the town is zoned for residential uses, as can be seen in the map and the graph. These zoning categories are broad and do not capture the many nuances of the specific zoning regulations for each district, nor do they include overlay districts, but help to provide a summary of the distribution of land available for certain types of uses throughout town.
