Subject: Tractor Supply

I WOULD LIKE TO SUPPORT THE PROPOSED TRACTOR SUPPLY IN HYANNIS.

It seems living in this area it is always necessary to drive out of town to most of the big box stores. Things have improved with some variety, however it is most always a watered down version. RE: Home Depot, Target and Dicks Sporting Goods are just a few.

It's time to support **ALL** of the people not just a small group of people. Take all of the potential direct and indirect revenue that Tractor Supply in Hyannis would produce.

Thank you in advance for your support.
