RE: Cape Club Redevelopment #TR-16017

Dear Cape Cod Commissioners,

I have lived in Ballymeade for 19 years.

I wish to express my support for The Cape Club redevelopment project # TR-16017. The work the developers have already completed by renovating and restoring the clubhouse, landscaping and the golf course has vastly improved the appearance and ambience of the community.

I believe that the project currently under your review will further enhance our Ballymeade community and provide amenities needed in the Falmouth area.

Sincerely,

Margaret G. Nicholson
