CAPE COD
COMMISSION

Development of Regional Impact (DRI) Referral Form Continued

Prior to making any referral, the Commission recommends that the municipal agency contact Commission staff to confirm process and discuss other relevant issues under the Commission's regulations; and specific to limited discretionary referrals, this discussion might eliminate the potential for misunderstanding about the scope of Commission review under the particular Cape Cod Regional Policy Plan (RPP) issue areas requested.

For Mandatory Referrals: Please indicate the review threshold(s) the project meets/exceeds from Sections 2 and 3 of the Commission's Chapter A: Enabling Regulations Governing Review of Developments of Regional Impact.

For Any Discretionary Referrals: A referring agency should provide support about why it believes a project, that does not otherwise meet or exceed a review threshold, has regional impact and thus should require Development of Regional Impact (DRI) review. A municipal agency making a discretionary referral may request DRI review for one or more, or all, the issue areas of the RPP under which the agency maintains that the project will have regional impact (the RPPs issue areas are set forth below). A "limited" discretionary referral is one that requests review under one or more but fewer than all the RPPs issue areas. If a limited discretionary referral is accepted for DRI review, the Commission will limit its RPP consistency review only to those issue areas specified by the referring agency and accepted for review by the Commission.

Please indicate below the RPP issues under which the municipal agency seeks DRI review:

NATURAL SYSTEMS

- Water Resources
- Ocean Resources
- Wetlands
- Wildlife & Plant Habitat
- Open Space

COMMUNITY SYSTEMS

- Cultural Heritage
- Economy
- Housing

BUILT SYSTEMS

- Community Design
- Coastal Resiliency
- Capital Facilities & Infrastructure
- Transportation
- Energy
- Waste Management
- Affordable Housing

Effect of referral on local board's time limitation to review an application: For mandatory DRIs, local review and the corresponding time periods for review are suspended immediately upon the Commission's receipt of the DRI referral and resume upon the Commission's decision to approve a project becoming final. In the case of any discretionary referral, local review and the corresponding time periods to review are not suspended unless and until the Commission votes to accept the referred project for DRI review.
