**3. Climate Risks, Hazards, Vulnerabilities, and Priorities to Date**

Cape Cod Commission staff will provide a presentation on predicted climate impacts, subregional vulnerabilities, results of the regional greenhouse gas emissions inventory, and their understanding of local climate resiliency mitigation and adaptation priorities and actions to date. Meeting participants will have an opportunity to provide staff with additional information on their local knowledge on the presentations and to discuss the information presented.

**4. Priority Municipal Adaptation and Mitigation Actions**

Meeting participants will collaborate in smaller, town-specific groups on the Zoom platform to identify and discuss their town's top priority actions related to climate change, as well as additional or alternative actions they might consider prioritizing if they had more support from neighboring towns, the region, or the state.

**5. Small Group Reports on Priority Municipal Adaptation and Mitigation Actions**

Breakout groups will report the results of their small group discussions on priority municipal adaptation and mitigation actions related to climate change.

**6. Break (15 minutes)**

**7. Identifying Opportunities and Barriers to Implementation**

Meeting participants will collaborate in smaller, town-specific groups on the Zoom platform to identify and discuss the barriers they face in implementing their town's top priority actions related to climate change, identify what support the Cape Cod Climate Action Plan may provide, build or leverage for their town.

**8. Small Group Reports on Opportunities and Barriers to Implementation**

Breakout groups will report the results of their small group discussion on barriers to implementing measures to address climate change.

**9. Public Comment**
